

# NAWT 5<sup>th</sup> Annual Waste Treatment Symposium

It is time to finalize your plans for the **NAWT 5<sup>th</sup> Annual Waste Treatment Symposium**. The Symposium will be held on September 15<sup>th</sup> and 16<sup>th</sup> 2010 in Washington, PA.

This two day event will give you all you need to know about the decision making process for taking charge of treating your own wastes. Highlighted at this years Symposium will be case histories of how others have worked through the decision making process of should I or shouldn't I treat my own wastes. Presentations will be given by individuals who have been leaders with real experience in the treatment process and vendors presenting the pros and cons of the various pieces of equipment. There will be ample time to interface with those in attendance. A field trip to a Wheeling, WV septage treatment facility where septage and grease trap waste are processed and the resultant water is discharged to the municipal sewer collection system. You will also be able to see various pieces of equipment working with septage, grease trap waste, and sewage sludge. Check our website at [www.nawt.org](http://www.nawt.org) for more information. This will be a real 'hands on' opportunity for those with disposal issues and want to take control of their disposal destiny!
