

# 2012 Annual Septic Tank Pumper Workshop and Tradeshow

## Inspection Training and Certification for Onsite Wastewater System Operation and Maintenance Service Provider

April 27 and 28, 2012

At

Red Lion Colonial Hotel – Helena, MT

Training provided by National Association of Wastewater Transporters certified instructors. Your successful completion\* of this two-day training program provides you with a two-year National Inspector Certification issued by NAWT and a listing on the NAWT National Registry.  
(\*A test is required.)

## Space is Limited – Register Early!

### To Register:

Workshop attendees can register by mail, email or fax. A fee may be required – check for details on the registration form. Licensed Septic Tank Pumpers will be given first preference. Vendors can register either by mail, email, or fax, but must send a copy of the completed registration form along with the fee by mail. Click on one of the link below for the vendor registration form.
